Dear *Shri Shamaiah,*

Subject: Regional Consultations on Electoral Reforms

I thank you for your invitation to participate in the Regional Consultation on Electoral Reforms on 13 February 2011 in Bengaluru. I regretfully could not attend the consultation owing to certain prior commitments.

I am enclosing herewith a note with some recommendations attaching a note on Electoral Reforms along with this letter for your consideration. I hope these recommendations will help resurrect the institution of Election Commission and reinforce the faith of the people in them.

There is an urgent need to restore and enhance the participation in our democratic processes by building faith and confidence in the process, the participants and the institutions. Therefore, I request you to kindly consider the recommendations and speedup the process of Electoral Reforms.

I am available for any further consultations and inputs.
